Meet group 5

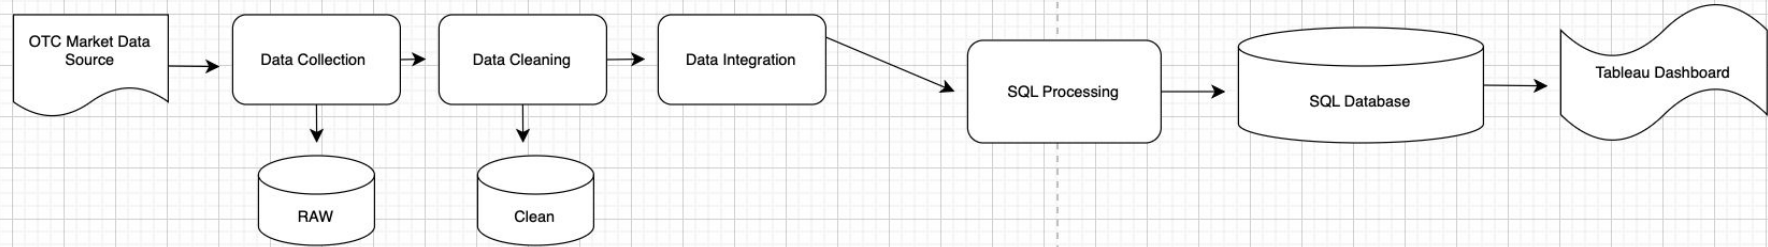

Project Overview

- Analyze OTC market data
- Build an SQL data warehouse
- Create Tableau visualizations/dashboards

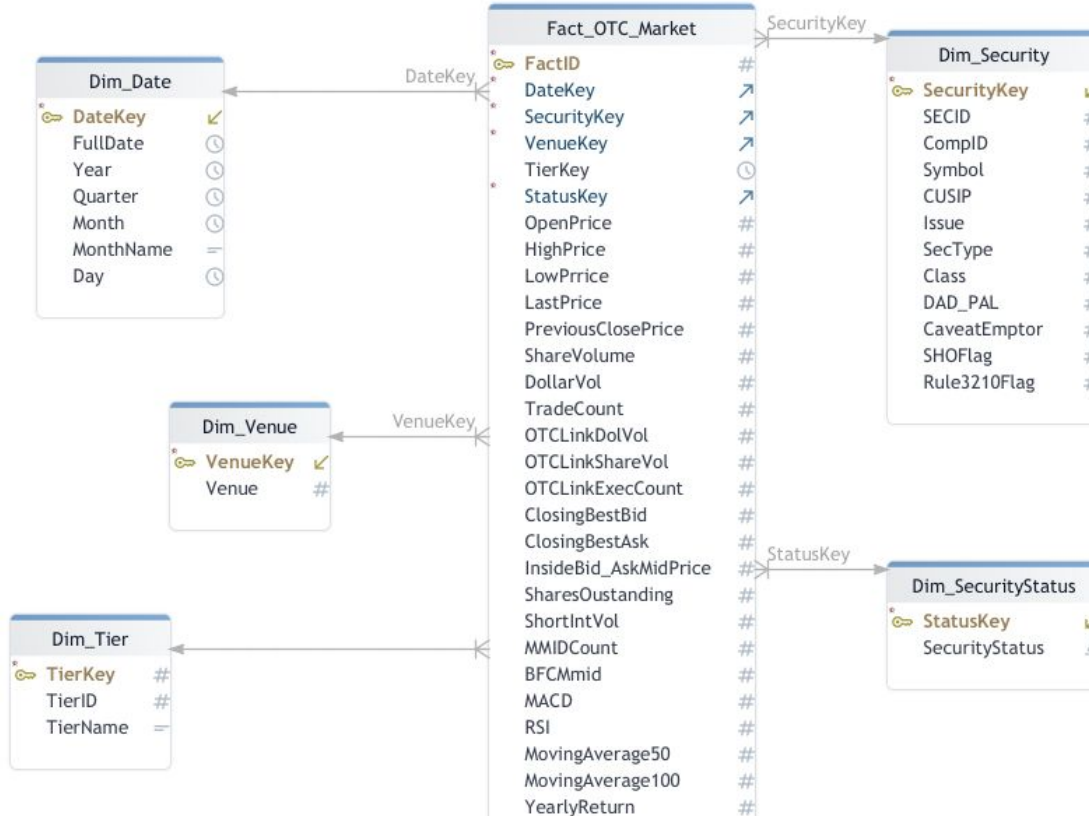

Project Scope

- Clean market data
- Faster reporting
- Interactive dashboards
- Business insights

Data Architecture

Star Schema

ETL Process

CSV Files → Extract → Transform → Load → Tableau Dashboard

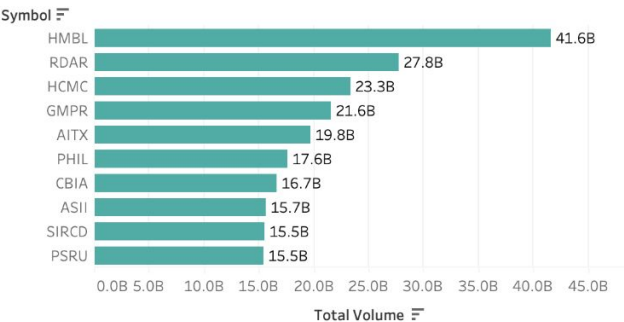

1. Extract OTC market data
2. Transform & clean data
3. Load into SQL warehouse
4. Connect to Tableau

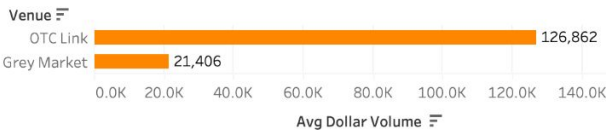

Dashboard

OTC Market Analysis Dashboard

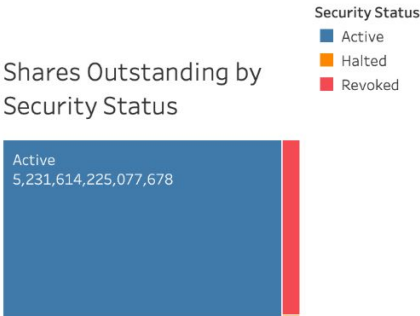

Top 10 OTC Securities by Trading Volume

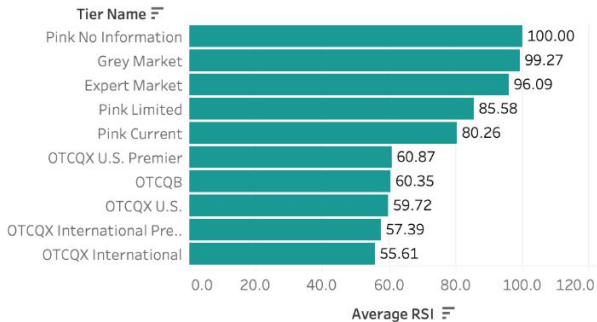

Average Dollar Volume by Venue

Shares Outstanding by Security Status

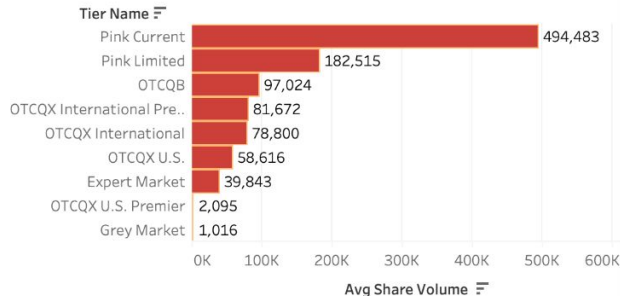

Average RSI by Market Tier

Average MACD by Tier

Average MACD by Tier		
Tier Name	Average MACD	
OTCQX U.S.	0.134	
Grey Market	0.110	
OTCQX International Premier	0.099
